

What a cruise you missed!

A pre-district conference was held on the splendidly beautiful Sunday of March 10, 2002. The cruise was led by Commodore Alice and headed out from Royal Hong Kong Yacht Club.

A group of Rotarians and their families and friends sailed along the Hong Kong waters to little-known Mid Island, close by Deep Water Bay. Mid Island is a tranquil place with spectacular water views and enclosed by trees.

It's fascinating natural scenery is just a few miles away from the city. Contented Rotarians gathered for a delicious barbecue and shared great fellowship before the smooth breeze helped to make the boat trip an afternoon to remember. Don't miss the next boat trip coming up!
